## PROFESSIONAL SUMMARY

Full-stack Software Developer with 4 years of professional experience building production-grade Python (Django, FastAPI) backends and React/Vue.js frontends. Proven track record designing RESTful APIs, optimising PostgreSQL/MySQL databases, and delivering containerised services via Docker in agile sprint cycles. Comfortable with CI/CD pipelines and code-review culture.

## TECHNICAL SKILLS

- Python — Django, FastAPI, Flask
- JavaScript / TypeScript — React, Vue.js
- RESTful API Design & Integration
- PostgreSQL, MySQL
- Docker & Docker Compose
- Git, GitHub, GitHub Actions (CI/CD)
- Redis, Celery (async tasks)
- pytest, Postman, Swagger/OpenAPI
- Linux / Ubuntu server management

## WORK EXPERIENCE

### Software Engineer — InnovateTech Pvt. Ltd., Delhi

March 2021 – Present (3 yrs 4 months)

- Designed and maintained 30+ RESTful API endpoints in Django REST Framework and FastAPI, supporting a multi-tenant SaaS platform used by 500+ enterprise clients.
- Built dynamic Vue.js frontend modules including real-time dashboards and role-based access control UIs, reducing admin workload by 35%.
- Optimised PostgreSQL and MySQL queries (indexes, query plans); cut average API latency from 420 ms to 95 ms on the most-used endpoints.
- Containerised all microservices with Docker and Docker Compose; set up GitHub Actions CI/CD pipeline automating lint, test, and staging deploy on every PR merge.
- Introduced Redis-backed caching for session data and frequently-read DB queries, lowering database load by 40%.
- Mentored 2 junior developers; led biweekly code reviews enforcing PEP8, type hints, and 80%+ pytest coverage.

### Associate Developer — DigitalBridge Corp, Noida

June 2020 – February 2021 (9 months)

- Developed CRUD REST APIs in Flask and integrated Razorpay and PayU payment gateways.
- Wrote integration tests with pytest; maintained Git branching strategy across a 5-member team.
- Collaborated daily in Scrum standups, sprint planning, and retrospectives.

## EDUCATION

B.Sc – Information Technology, University of Delhi, 2020 | CGPA: 8.1 / 10

## PROJECTS

- Open-source CLI tool (Python + Click) for bulk REST API testing — 200+ GitHub stars.
- Personal portfolio site built with React + TypeScript, deployed on AWS S3 + CloudFront.
